

S. Durgaprasad (DP)

Co-Founder, Director & Chief Executive Officer

Durgaprasad (DP) is the Co-founder and Chief Executive Officer of Bahwan CyberTek (BCT) Group. The Group was founded in 1999 and is, today, a 2800-strong, 242+ Million USD multi-national company that architects the enterprises of tomorrow. It has delivered innovative IT Products and Solutions in over 20 countries across 4 continents.

DP, characterized as an Executive Entrepreneur and a people's person with a passion to create new markets, has been instrumental in Bahwan CyberTek Group's distinguished position in the global IT arena. With a blend of strategic long-term vision and an eye on operational short-term goals, he has created nine subsidiaries and three Joint Ventures – JV with DHL (Bahwan-DHL), Oman Government (Infoline), TelBru (Comquest) - with multiple business initiatives across USA, ME, India and Far East. He has been instrumental in creating a thought leadership initiative between Bahwan CyberTek and the global major DHL, to form a 4th Party Logistics (4PL) organization for Petroleum Development Oman (Shell Subsidiary) – the first of its kind in the Middle East region and the Oil & Gas sector across the world.

DP's vision of creating a world-class IP driven organization led to BCT launching the Cuecent suite of products addressing transformational initiatives in areas such as SCM for Oil & Gas, Payments, Government Services Delivery, Real-Time Decision Support Systems and Education.

His keen interest in ensuring international quality standards led Bahwan CyberTek to be one among the elite group of IT companies in the world, to be assessed at CMMi Level 5.

Under his leadership, the company has won several awards and received recognition from leading industry organizations and technology forums such as Business Excellence Award from Oracle, Red Herring's top 100 Technology Companies in APAC, Deloitte Technology Fast 500 Asia Pacific Ranking & Fast 50 companies in India for 4 and 3 years in a row respectively, NASSCOM innovation award and the IMC IT award for best enterprise-class product, to name a few.

DP was featured among the '30 Top Business Leaders Of Oman' by the Oman Establishment for Press, Publication and Advertising (OEPPA) in its book on the 'Top Business Leaders: Special Focus on 40 years of Omani Renaissance'. DP was awarded the 'Social Entrepreneur of the year' by the Asian Confederation of Businesses in 2013 and "The Best CEO of the Year - Information Technology" by 24MRC Network.

An Engineer from College of Engineering (Anna University), Chennai. DP did his management development program at Kellogg and XLRI.
